

Stage 1

EQUIPMENT AND DESCRIPTION

General Information and Dimensions

Stage 1 is a black painted room with a parquet floor in dark stained oak. Stage 1 has a width of 9.30 m and a length of 18 m / 21.50 m. The height of the light grid in the middle of the room is 5.90 m. The load in takes place in the MuseumsQuartier Fürstenhof through our two foyers without level differences but with a size limit of 1.60 m width and 2.10 m height. There are no storage facilities in the theater or the outbuildings. The FOH is located outside of the room behind the auditorium and is connected by a sliding window to the hall. At concerts or other space solutions it's possible to place the FOH in the room.

Stage

A black and white dance floor is available.

With „normal“ auditorium the dimensions of the stage is 8m/11,5m depth.

Entrance to the stage is from left or right in the back. On the last straight position a projection screen or a black velvet curtain can be used as background over the entire width of the stage. Border hangers are available.

Auditorium

The grandstand is a HOAc System with black Platforms.
